EDXSO

TURNING MEETINGS INTO MEANINGFUL ACTION

From Meeting Notes to Action

EDXSO uses AI to turn your meeting notes into structured insights, helping you stay focused, organized and move things forward.

THE WORKFLOW

1

Input

Paste your meeting notes (text or document).

2

AI Processing

Extracts key information, understands context and organizes it.

3

Structured Output

Generates 4 structured outputs in seconds.

4

Review & Act

Ready for founder follow-up and execution.

THE 4 OUTPUTS

01

Action Tracker

Tasks, owners and deadlines from your meeting.

Task	Owner	Due Date	Status
Product update	Alex	12 Nov	In Progress
Client follow-up	Priya	13 Nov	Pending
Team review	Sam	15 Nov	Not Started

02

Follow-up Drafts

Ready-to-edit messages and next steps.

Hi [Name],

Next Steps

03

Founder Brief

Key decisions, updates and priorities.

Key Highlights

- Decisions
- Updates
- Priorities

04

Process Gaps & Practical Fixes

Issues identified and suggested improvements.

Identified Gaps	Suggested Fixes
